42 REGISTER FOR SWIMMING SCHOOL FRIDAY

LATE COMERS MAY ENTER
CLASSES WEDNESDAY

A total of 42 Sikeston boys and girls registered in the annual swim school sponsored at the Chaney Natatorium by the Scott County Chapter American Red Cross, according to Wilbur Ensor, instructor and official examiner. The registration shows, 23 entered for swimming instruction, 15 for Junior Life Saving and 4 in the Senior Life Saving Division. Ensor stated that the crowd of applicants for instruction surprised himself and his assistants who were unable to accommodate all who applied. In order that no one wishing to receive either swimming or life saving instruction, Ensor has extended the final time limit for registration until Wednesday. The size of classes will not permit close supervision in one group, decided Mr. Ensor, who immediately divided the number into two classes. During the duration of the instruction period all regular swimming classes will be conducted.

IS SIKESTON A SPEED TRAP?

The fact that fully 30 per cent of northbound traffic, especially traffic routed from Texas to Chicago and the World's Fair, is being diverted by AAA officials through Tennessee, Kentucky and Illinois has been investigated by this newspaper last week-end.

After hearing a report from the manager of the Cairo and Cape Girardeau bridges, and receiving a verbal message from an AAA official to the effect that Sikeston is being reported south of here as a speed trap, an investigation was launched.

The results are yet incomplete, but the finger of suspicion points directly at one particular township officer, Constable Brown Jewell.

Not only has his action in arresting tourists for petty offenses brought criticism upon the community, but his action has reflected unfavorably upon the Missouri State Highway Patrol.

A few instances will suffice. Last Sunday evening Constable Jewell pulled out of Seisenbaugh's inspection station after an automobile in which three Texas boys were riding to the World's Fair. He trailed them near Benton where he finally succeeded in passing the car and making an arrest. He escorted them back to Morley, where he filed a complaint before C. D. M. Gupton, justice of the peace, charging dangerous and reckless operation of an automobile.

"They didn't look like bad boys to me," stated Justice Gupton, but they pleaded guilty and I had to fine them something." He assessed a modest fine of \$1.00 and costs, the absolute minimum.

That however, translated into "cost" meant the following:

\$1.00 fine
\$.25 Justice costs
\$.50 Prosecuting Attorney fees
\$.10 Constable fee for arrest
\$.50 Constable fee for mileage
Total fine and costs \$1.45

In this, as in most instances, the prosecuting attorney was not even within ten miles of the case, but the Missouri statutes permit this excessive charge.

In the case of Constable Brown Jewell, the \$5 mileage charge meant that he traveled a total of 50 miles to make the arrest.

That same afternoon Constable Brown Jewell again acted in behalf of the constituents of his Township by arresting James Russey, negro chauffeur for W. C. Bowen, Hot Springs, Ark. business man, who was enroute to St. Louis. Brown was unable to make the arrest himself, but telephoned to Cape Girardeau, where he informed Charles Pearson, State Highway Patrolman, that "Benton is just raising the dickens about the way this Arkansas car passed thru." He reported the license number 14-408 and asked Trooper Pearson to hold the offender. Pearson stopped the automobile.

"What the God Damned Hell do you mean driving through Benton like that?" was the greeting accorded Mr. Bowen by Constable Brown Jewell, who evidently was more or less perturbed over the fact that his intended victim almost escaped. Bowen, according to Pearson, politely denied the charge, but willingly accompanied the superior petty officer to Benton, where charges of "Careless and reckless driving" were filed before "Uncle Jimmie" Rogers, Justice of the Peace.

Man Defrauds Doctors With Petty Swindle

CLAIMS HE IS SENT BY HIGH-
WAY OFFICIAL

A brand new form of polite petty graft has been brought to the attention of local and county peace officers. A man, evidently suffering with a genuine bladder ailment uses his misfortune as a means of gaining a living. The gentleman in question first appeared at Steele, Mo., where he purchased medicine from Workman's Drug Store on June 17, issuing two small checks, one for \$1.50 and another for \$3.00. Both items were drawn on a Steele Bank, but were made over on a Cape Girardeau bank. In both instances he misapplied Cape Girardeau, but he obtained his medicine and change nevertheless.

The checks were signed "C. L. Foster." Early last week he appeared at the office of Dr. Howard Dunaway in the McCoy-Tanner building and obtained a treatment. Previous to his visit the doctor received a telephone message in which the speaker stated he was C. J. Stevens, secretary of the Division 10 Employees Benefit Association.

"Am sending a man to your office for treatment," said the voice over the wire. "Take care of him and send me the bill," quotes Dr. Dunaway.

The day following his visit to the local doctor, Dunaway found a small note and a tiny bag on his office door knob. The note read, "here's your stone, doc." The bag contained a small gall stone.

Dr. Dunaway sent the statement to C. J. Stevens, who immediately checked records of the department, but failed to find any regularly employed person, or extra helpers by the name of Foster.

"I'd like to get a chance to punch his nose," commented Dr. Dunaway when informed by a newspaper representative that he was not the only one who had been gyped. While in Sikeston, "Mr. Foster" also visited Dr. J. F. Waters on east Malone avenue, tendering two checks for services rendered. One was for \$3, the other for \$6. Both were fraudulent. Dr. Waters described his patient as suffering with a urinary bladder ailment.

"He was about 5 feet, 10 1/2 inches tall, weighed 165 to 170 pounds, had a ruddy complexion, and a tendency toward gray hair," said the doctor. He was dressed in ordinary work pants, shirt and hat, and said he was employed on highways within a 60-mile radius repairing concrete.

At Dr. Waters' office, the man asked for something to ease his pain and obtained a small amount of drugs. After the \$6-check drifted back to Dr. Waters from Marshall's Grocery, both items were turned over to Deputy Sheriff Ira Shuffitt.

Mr. Foster again boded up in the office of Dr. J. A. Cline at Oran on Wednesday, June 21, obtained a treatment, and ordered the bill sent to Mr. Stevens. Local Division 10 officials learned of this when they received a formal statement from Dr. Cline Thursday.

Officers expressed the belief that the ailing work artist is working northward, and have notified towns and communities north of here to be on the lookout.

from 5 until 6 o'clock and all life saving instruction will be carried on from 7:30 until 8:30 o'clock each Monday, Wednesday and Friday.

A nominal charge of 10 cents per person for each instruction period is made to defray rental of the pool. The Red Cross instruction by Ensor and his assistants is free.

Gordon Blanton left for St. Louis Sunday, where he will join a Scout Troop for a visit to the Century of Progress Exposition at Chicago. Gordon made and saved the money himself that he is making the trip on.

WOMAN 'LEGGERS' IS RELEASED FRIDAY

"Red Head" Mary Held, alias Davis, alias Clennen, held since May 24 on a charge of transporting liquor, was finally released Friday afternoon, after Gene Munger, Scott County representative and lawyer, secured sufficient bondsmen to satisfy Sheriff Joe Anderson. St. Louis bondsmen and other Scott County lawyers who had interested themselves at times in Mary's behalf, had been unsuccessful. The woman who allegedly operated out of St. Louis, was picked up by the sheriff on Highway 61 in Benton after a chase starting several miles north of the county seat town. Mary, according to Scott County authorities, was enroute with joy juice for a convention held here May 25 to 27.

SUNDAY NIGHT FIRE DESTROYS CANALOU BLOCK

ORIGIN OF \$6000 BLAZE IS
NOT KNOWN

Canalou, June 26. (Special)—Fire originating about 1 o'clock last night in a general store operated by Clarence Adams destroyed that place of business, another store, a residence, cafe and barber shop before being brought under control by volunteer fire fighters. The damage was variously estimated from \$5000 to \$6000 part of which is covered by insurance.

The blaze, which was discovered by Leonard Baughn, destroyed two general merchandise stores, one operated by Clarence Adams and another by S. R. Ralph. It spread next to a small cafe also owned by Mr. Adams, and to He-wett's barber shop. The 5-room cottage of Mrs. M. A. Robertson, was also destroyed.

The destroyed property represented the entire west side of Canalou's main street with the exception of a general store owned by Walter Moore. This is housed in a brick structure and firemen working with buckets, and streams of water directed from garden hose saved this place of business. An electrically driven pump furnished water.

Volunteers carried most of the Robertson furniture to places of safety and salvaged some of the dry goods from the S. R. Ralph store.

This little community has suffered severely from fires within the past three months. The first blaze of any consequence in some time destroyed the P. L. McLaurin block, burning a general store and a number of vacant store rooms in the structure. It happened during the night of March 21, and caused damage estimated at more than \$2500.

Just one week ago, on June 18, the attractive home of Mr. and Mrs. J. F. Sexton was destroyed by fire with a total loss of \$2500.

Daily Water Consumption Is 800,000 Gallons

Sikeston patrons of the municipally owned water plant have been using an average of 800,000 gallons of water per day according to the records of Lon Swanner, water commissioner. "This," says Mr. Swanner, "is an unusual amount of water for this time of the year. Ordinarily the increase does not come until later in the summer when rains quit."

This season the rains seem to have ceased early in the season, and Sikestonians are drawing heavily upon the city supply for watering gardens and lawns in addition to the usual household use.

Comments are frequently heard regarding the quality of the product of the local plant, especially since the installation of an aerating and filtering plant early this spring.

Special racks of charcoal and additional filter beds composed of sand and gravel remove most of the iron and other mineral salts, in addition to gases which formerly caused some complaint.

The effect of filtered water is especially noticeable in the Chaney Natatorium where a relatively large body of water is confined. Clarity of the product is at once noticeable, and swimmers report that it is possible to "spot" a small coin easily in the deepest portion of the pool.

IRON ORE DEPOSIT FOUND NEAR BLUFF

Poplar Bluff, June 25.—One of the largest iron ore deposits found in Southeast Missouri, according to a survey completed for James A. Morgan, has been located on his farm 25 miles west of Poplar Bluff. Morgan is planning to operate the mine. He says he has a ready market for the ore, and that he will begin shipping six carloads weekly within a short time.

Two-Cent Local Postage Returns Saturday, July 1

The Sikeston Postoffice was notified Friday that the two-cent local rate on first class postage will become effective July 1. Starting that date, postage on letters and other first-class matter, excepting postal cards and private mailing or postcards, mailed for delivery at postoffices having city, village or rural letter carrier service, will be at the rate of two cents for each ounce or fraction thereof.

The non-local rate is not to be affected in any way whatsoever. The Postal Bulletin was quoted by W. E. Hollingsworth, postmaster, as authority for the following statement:

"Upon all matter of the 'first class' postage shall be charged 'at the rate of three cents for each ounce or fraction thereof; and drop letters shall be mailed at the rate of two cents per ounce or fraction thereof where free delivery by carrier is not established'."

By "drop letter," the bulletin explains, is meant one addressed for delivery from the office at which it is posted. In other words, a letter mailed in Sikeston or on a rural route operated out of this postoffice, would carry a two-cent stamp. A letter mailed to another town or city still calls for three-cent postage.

Still another class of postage is included in the reduced rate. Again quoting the Postal Bulletin: "Letters, bills, statements, etc., prepared at a central office, presented for local delivery at the postoffice of such latter place, shall be accepted at the 1-cent or 2-cent drop letter rate, whichever is applicable for local matter at the particular postoffice. The stamps used in the payment of postage on such matter or others in lieu thereof should be purchased at the postoffice, where the matter is deposited for mailing."

The postage on business reply cards when collected on delivery as provided in this section shall be 2 cents each, and the postage on letters in business reply envelopes shall be the regular first-class rate plus 1 cent additional for each letter."

Reduced Revenue

The extension of the three-cent postage rate to local or drop letters under the provisions of the law enacted by the Seventy-second Congress caused a diminished use of the mails by utility companies, municipalities, department stores and similar establishments in sending bills and other communications to local patrons by messengers.

A survey made to determine the effect of this legislation indicated the higher rate of postage had not only affected the volume of postoffice business, but was criticized generally as being a charge in excess of what the traffic could reasonably be expected to bear.

To correct this condition and with the hope of restoring to the mails its normal volume, which in turn will provide work for thousands of postal employees who might otherwise be furloughed without pay, Postmaster General Farley recommended the restoration of the former two-cent rate on first class postage. Legislation granting such authority was passed at the recent special session of the Seventy-third Congress and approved by the President.

Oatman Breaks Course Record With Score of 29

The Sikeston Country Club record of 30 equaled several times during the past two seasons, was cracked wide open last Thursday afternoon by H. L. Oatman, local pro, who turned in a perfect 29 for the nine holes.

This "believe-it-or-not" score was verified by Peg Mahew, Fred Rodman and H. A. Trowbridge, three local golfers who were members of the foursome.

Oatman, incidentally, is preparing a series of golf articles, some general but most of them specific in nature. The first article will appear in The Standard next Thursday evening, and subsequent articles will take up various points of interest, the swing, grip, and general advice on shots and clubs.

WILMUTH RECOVERS FROM LEG INJURY

With his injuries mending, Joe Wilmuth of Sikeston, a former student of Murray College, Murray, Ky., has returned from the Keys-Houston Clinic. Mr. Wilmuth received a broken leg and cuts on the head in an accident May 8, when he was struck by a motorcycle, driven by Glenn McKeehan, former student of Murray State College. Mr. Wilmuth was an athlete on the freshman football and basketball teams in 1931 and 1932. He is the son of B. F. Wilmuth of this city.

ACREAGE REDUCTION PLAN TO BE OUTLINED TUESDAY TO COTTON GROWERS HERE

Furry Calls Meeting to Be Held In High School Gym Starting at 7:30 O'clock and Lasting One Hour

OTHER COUNTY MEETINGS PLANNED

Every cotton grower in the Sikeston district including large landowners, growers, tenants and sharecroppers, is invited to attend the first of a series of county meetings to be conducted by County Agent R. L. Furry to explain the recently announced cotton acreage reduction plan, which, it is believed, will be of material benefit by "pegging" cotton prices, and maintaining a price setup by controlled production.

The first and possibly the most important meeting in terms of persons attending, will be held in Sikeston at the high school gymnasium Tuesday night beginning at 7:30 o'clock.

Other meetings scheduled to be held in Scott County follows:

Benton, Wednesday, 10:30 a. m. at the Court House.

Morley, Wednesday, 1:30 p. m. at the City Park.

Blodgett, Wednesday, 3:30 p. m. at the elevator.

Vanduser, Thursday, 1:30 p. m. Commerce, Thursday, 4 p. m.

Every cotton grower should plan to be present at the meeting nearest his farm. Although this is a busy time, efforts should be made to attend one of these meetings, as they will start promptly at the time stated and will last only one hour, stated Furry. Circular letters to a cotton growers in Scott County have been sent out by the County Agent, giving details of this plan.

The agreements called for in the reduction of cotton will not permit any man to plow more than 40 per cent of his cotton and no agreement will be recognized if less than 25 per cent to be destroyed.

The present plans call for agreements to be signed by July 1.

Organization Complete

The county organization to work with County Agent Furry in Scott County for signing up cotton farmers to reduce their acreage has been perfected here and states and will be ready to take applications as soon as the blanks arrive, which will probably be Tuesday. This committee is composed of a group of men who will be responsible for getting farmers to sign in their respective communities. All landowners and land overseers are requested to get in touch with these men for details and for signing the agreement. Tenant farmers are instructed to get in touch with their landlords first if possible, before seeing a member of this committee. Those who are unable to reach their landlords, should go direct to one of the following committeemen for instructions.

TWO SIKESTONIANS INJURED IN WRECK

Wayne Bess, local produce dealer, and his sister-in-law, Miss Mable Caughlin, of Morley were slightly injured Saturday night, while returning from a visit at Wardell, Mo. The Bess automobile collided with a truck which was parked in the center of the highway and turned over. Miss Caughlin was reported to be resting well today at the Bess home here, having suffered bruises and injuries to her back. Both parties received emergency treatment at the hospital here.

SHERIFF JOE FINDS STILL IN KELSEO

Sheriff Joe Anderson sniffed a sniff about a week ago while driving through Kelseo, north Scott County town, when he returned Sunday night in company with James Farley, Benton constable and found a 25-gallon still, a barrel of mash and a small quantity of corn lying at the residence of E. R. Schafer. "We dumped the mash, destroyed the still, and saved the whiskey for evidence," reports the sheriff who lodged the alleged owner of the outfit in the county jail, pending a hearing.

ANNUAL SCOUT FUND DRIVE STARTED TODAY

LOCAL COMMITTEES WILL
TRY TO RAISE \$400

A belated Boy Scout drive in Sikeston to maintain a half dozen activities in this worth-while movement got under way Monday morning when W. E. Hollingsworth, general chairman, issued committee appointments. The local committees will endeavor to raise \$400 to carry on the work, \$150 less than the Sikeston quota last year.

Mr. Hollingsworth presided at a general committee meeting of Scouters last Friday night at the Methodist church. Fourteen men responded.

The following committees of three were named today, with instructions to report next Friday night at 7:30 o'clock at the M. E. Church:

HARRY DOVER, R. F. Anderson and C. L. Orrell.
E. F. Schorle, M. M. Beck and Joe Sarsar.
John Powell, Ben Welter, Frank Van Horne.
Lee Bowman, Geo. W. Kirk and Jos. L. Matthews.
T. A. Wilson, Harry Hartly and Clay Mitchell.
Walter Rayburn, Art Wallhausen and Ed Hollingsworth.
Otto Hahs, Bill Carson and J. E. Harper.
H. E. Dudgey, L. D. Gmainer and Robley Lennox.
C. C. White, Dr. B. F. Blanton and C. H. Denman.

Second Band Concert To Be Held Wednesday

The second of a series of concerts by the Sikeston Municipal Band will be held at Malone Park Wednesday beginning at 8 o'clock, stated Paul Slinkard, director, this morning.

Members of the organization met in rehearsal Monday night at the City Hall to perfect the program for this week's concert. The group now numbers about twenty-five musicians.

LAD 13 BREAKS LEG AFTER FALL FROM AUTOMOBILE

Henry LaMasters, 13-year-old son of Mr. and Mrs. Tom LaMasters of New Madrid, sustained a broken right leg Sunday afternoon about 5:30 o'clock, when an automobile driven by Bill Jones, ran over the member. LaMasters and a group of boys had been to the country, he said, and he was riding on the running board. Jones in trying to get the car out of deep ruts, jolted the lad from his position, and the machine ran over his leg.

"There was about 15 of us on or in the car," young LaMasters informed a newspaper representative. He was taken to the Emergency Hospital, where his condition was reported to be satisfactory. The accident happened just outside the New Madrid city limits, northeast of the city.

NEIGHBORHOOD ROW ENDS IN FREE-FOR- ALL BATTLE SUNDAY

One woman is in jail, and two men out on bond as the result of a neighborhood row in the extreme west portion of the city, Sunday.

Family matters precipitated the fight, according to witnesses, who found Mrs. Jess Goltightly in combat with Ira Ragsdale, Miss Iona Heuey, daughter of Mrs. Goltightly by a former marriage, came to the rescue of her mother, and was at first implicated. Charges against her and Leo Little, another member of the group, have been dismissed stated Judge Jos. W. Myers, Monday.

Ragsdale and Jess Goltightly were released on bond for appearance on charges of disturbing the peace and fighting. Mrs. Goltightly faces similar charges being held in the city bastille.

Memphian Hits Ambulance; Is Slightly Hurt

The Saints were kind to big jovial J. F. Murphy, 110 So. Front Street, Memphis, Tenn., Irishman, last Saturday evening.

Murphy was driving south on Highway 61, trailing a big, black ambulance near Portageville. The ambulance driver turned sharply to enter the southern city, and Murphy crashed into the hearse, which incidentally contained a casket.

Mr. Murphy left the Emergency Hospital here about noon Monday. He sustained head lacerations and a wrenched back.

TWO ARRESTED

Marion Brown of Holland, Mo., driver of Edwards & Son of that place, was arrested Sunday morning by Trooper John Tandy, who charged Brown with operating a commercial truck without a chauffeur's license.

John Stewart of Hayti was arrested by Trooper Melvin Dece at 8 o'clock Sunday night for operating an automobile with borrowed State license plates.

Oil is being put on parts of city blocks in order to keep down dust. What a pity every home owner couldn't do likewise, but lack of money to pay for the oil is reason enough. Oil makes everything mighty nasty for awhile, but it certainly keeps down the dust and saves the housewife a lot of dusting in the home.

John Woods, daughter and son, visited Mrs. Woods at the Baptist General Hospital, St. Louis, Sunday, and found her sitting up for a short time and doing nicely. The operation was a severe and a dangerous one, but happily successful in every way. It will probably be ten days before she is able to return to her Sikeston home.

The dry weather and hot winds have certainly cut short vegetable gardens and flowers in Sikeston and vicinity. Many of our dahlias have begun to bud when a little more than knee high when they should be shoulder high. This means flowers the size of a tea cup instead of the size of a breakfast plate.

The Christian preacher from William Woods College, who has been holding down a political job at Cape Girardeau for the past twelve years, has been called to the pastorate of Bethany College, Preacher School in West Virginia and all will be quiet on the Mississippi River.

It looks like a hundred to one shot that the 18th Amendment will be repealed. As soon as the final announcement is made, then our dry brethren can cut out politics, practice being dry and set an example for the young folks. Preach and practice temperance in the home and cut out politics in the pulpit.

What Others Say of Editors Meeting

Charley Blanton was host to a number, a large number, of publishers at the press meeting Friday at Sikeston. He had an art gallery in the rear of the composing room which was an attraction but then one didn't have to hunt a pump if they were close around, and as the day began to grow warmer, The Standard office was a popular place. But the gallery: It was composed of some very pretty pictures. Where Charley obtained them is difficult to understand. However, they caused much comment and barter.—Charleston Courier.

Charley Blanton had The Standard's famous art gallery well displayed and the many works of art on display therein, were the subject of much comment from visiting scribes. Charley's office was crowded from early morning till late at night, due to the fact that he had a very satisfying brand of ice water in his cooler and many scribes found The Standard office more inspirational than the addresses on the program.—Malden Merit.

The meeting of the Southeast Missouri Press Association held at Sikeston last Friday was a successful one with more editors, their families and friends than we have ever attended. The cats were fine over attended. The business sessions instructive, as well as entertaining. The two newspapers of Sikeston were particularly active in looking after the wants of the visitors, Mrs. Chas. L. Blanton, Sr., looked after the welfare of the women visitors and from reports she made a mighty good job of it. The "art gallery" in The Standard office held out peculiar attraction to many of the editors, the writer being one who enjoys "art", whether it be painting or "liquid art" which is not superinduced by mysterious drops from an old Indian formula recently sold on the streets of Illinois.—Illmo Jimplicute.

Sikeston is a good convention town. We have attended three conventions held there this year, and all of them were successfully managed. The International Shoe Co. meeting, the Southeast Missouri Drummers Association and the Southeast Missouri Press Association. Of course we felt a little more a part of the press meeting than we did the other two, but there was no difference in the brand of hospitality dispensed by the Sikestonians at any of them. Charley Blanton's "Art Gallery" seemed to have a peculiar attraction for most of the editors, conspicuous among whom were Simon Loebe, Kent Wilson and Oliver Chilton.—Bloomfield Vindicator.

(Ed. Note): And we might add for Charlie Oliver.

Our American success in the diplomatic field prompts a contributor to forward an instance concerning Catherine the Great of Russia. Said Catherine once requested an interview with a certain nobleman. The interview was to take place after she had performed her weekly bath. When she appeared fully dressed, she found the nobleman fast asleep.

Her biographer, says our contributor, mentions that Catherine had intended making him a minister of the interior but changed her mind and appointed him a diplomat.

J. R. Carraway Passed Away in St. Louis Sun.

Word was received here Monday morning of the death of J. R. Carraway of this city, which occurred at 5 o'clock Sunday afternoon at the Missouri Baptist Hospital, St. Louis, where he had been a patient for the past two months.

Mr. Carraway had been ill for the past several months, but doctors were not able to ascertain what was the cause of his illness. A message was received by relatives here shortly after noon Sunday, stating that Mr. Carraway was sinking fast, and urging them to come at once. Mrs. Carraway and daughter, Miss Gladys Conley, accompanied by Rev. Leslie Garrison, pastor of the local Baptist church, left immediately after receiving the message, but death came before they could reach him. Funeral services will be held from the local Baptist church Wednesday afternoon, Rev. Garrison officiating.

Besides his wife, Mr. Carraway is survived by one son, living in New York, and two step children, Miss Gladys and Lewis Conley, of this city.

Second Car of Crude Oil Here to Settle Dust

Car number two of dust-eliminating road oil arrived early Sunday morning, and workmen for the city started immediately to apply the black stuff to various streets concentrating their activities for the most part in Ward One. The car contained 8000 gallons, approximately 2000 gallons less than the first arrival.

An explanation is due Sikeston citizens regarding the increased price of the present car, stated Lon Swanner, street commissioner. The first oil purchased was ordinary diesel fuel oil, from which asphalt had been removed. It was sold at three cents per gallon. This particular oil has better penetrating qualities than the asphalt base oil, but lacks certain binding qualities of the latter. In other words, plain oil will settle dust, but it will not make a hard surface.

The present car is being sold at five cents per gallon applied to the streets, a price which just covers the actual cost and freight.

There will be no problem of collecting for services rendered this year, point out city officials. Oil is being applied on a pay-as-you-go basis. No pay, no oil.

Bride-to-Be Is Honored With Shower

The home of Mr. and Mrs. Harris Foster was the scene of a pretty miscellaneous shower given in honor of Miss Marie Esmom, Friday night. A pink scalloped crepe paper parasol on the living room table had strings tied all around with verses tied to the end of a string telling something about an article for the bride-to-be and where it was to be found. A large number of useful gifts were presented in this manner. Guests included Mesdames Rex Boyce, Hal Boyce, T. H. Lett, Leonard Ford, Jr., Vernon Laval, Ralph Vaughn, W. P. Clayton, R. J. Tomlinson, J. W. Mull, Bennett Taylor, Arthur Darter, Misses Dick Boyce, Leda Daugherty, Mary Agnes Vaughn and Juvata Taylor.

Mr. and Mrs. Harris Foster and children, Mr. and Mrs. Arthur Darter, Mrs. Lita Foster of this place, Mr. and Mrs. Bennett Taylor and two daughters of Cedar Rapids, Ia., went to Matthews last Thursday afternoon, where they had a family "bunking" party and a fish fry Friday morning at the home of Mr. and Mrs. G. D. Fnglehart.

Mrs. W. T. Malone of Sikeston spent some time here the last of the week with her aunt, Mrs. Dora Congleton, who is ill. Mrs. Congleton is somewhat better.

H. E. Tomlinson of Malden was a Morley visitor Saturday afternoon.

Mr. and Mrs. Bennett Taylor and two daughters, Juvata and Sue, left for their home at Cedar Rapids, Ia., Saturday after a week's visit here with relatives.

U. A. Emerson was in Cape Girardeau Saturday to undergo a minor operation. He returned to his home and is doing satisfactorily.

Mr. and Mrs. F. C. Black and daughter, Virginia, of Vanduser were visitors at the C. A. Stallings home Thursday. Eloise Stallings returned to Vanduser with them for a few days' visit.

Mrs. Edna Taylor and daughter of Tulu, Ky., left Sunday for their home after a week's visit with Joe Taylor.

Mr. and Mrs. F. E. Black and daughter, Virginia, visited at the C. A. Stallings home, Thursday.

SCATTERED RAINS BRING RELIEF TO PARCHED DISTRICT

Widely scattered thundershowers brought slight relief Saturday. Sunday and Monday to various communities in the Sikeston district. This city and community and an area west of Charleston received a .3 inch rain Saturday night and Sunday.

Last Rites for Matthews Woman Held Saturday

Funeral services were conducted Sunday afternoon, 2 o'clock at the home of Mr. and Mrs. Fred Story of Matthews, for the former's mother, Mrs. Martha Ann Fulker-son Story, who passed away Saturday, June 24, at the age of 85 years, 1 month and 9 days. Rev. D. M. Margraves officiated, with interment in Matthews cemetery, Albritton of Sikeston in charge.

Three children, Lury, Lydia and Fred were born. She was preceded in death by her husband and two daughters. Mrs. Story was a firm believer in the Primitive Baptist church and was a daughter of a minister of that faith. She lived an active and useful life until a few years ago, when the infirmities of age prevented her from going about her accustomed work.

Besides her son, Fred, Mrs. Story is survived by three children whom she reared, Jessie, Lucian and Brantley Anderson, five grand children, seven great-grandchildren and one brother, Joshua Fulker-son of Colorado.

Mr. Cunningham, who formerly lived in Sikeston, working here as a carpenter, is survived by his wife, three children by a former marriage, Lyman of Philadelphia, Penn., Crawford of Kankakee, Ill., and Mrs. Vera Woods of Laurel, Miss. Two brothers, E. O. Cunningham of Stillwell, Kansas, J. S. Cunningham of Kankakee, Ill., two sisters, Mrs. John Whitlaw of near Los Angeles, Calif., and Mrs. Holister of this city, also survive.

LAST RITES FOR SAMUEL H. HEATH CONDUCTED SUNDAY

Funeral services were conducted Sunday afternoon, 2 o'clock, at the Southern Methodist Church, Charlotte, Tenn., for Samuel Henry Heath, aged 62, of this city, who died at his home at 763 Greer Avenue Saturday morning, 7:30 o'clock after an extended illness with bright's disease. Rev. H. Thornton Fowler, pastor, officiated with interment in the Charlotte Cemetery, Albritton of Sikeston in charge.

Mr. Heath was born in February, 1871, in Charlotte, Tenn., and was the son of Mr. and Mrs. Avery Heath. He had been a resident of this city since last December, having come here from Earl, Ark.

Besides his wife, Mrs. Myrtle Heath, he is survived by one daughter, Mrs. Ella Smith, and one son, Ernest Heath, both of this city; two brothers, Dave of Charlotte, and John of Huntington, Tenn.; two sisters, Mrs. Ella Scott of Charlotte and Mrs. Nancy Williams of Nashville, Tenn.

At Last We've Found a Way to Save Money on Clothes

We used to think that it was an extravagance to send clothing to the cleaners with any degree of regularity. But we noticed that the garments that we sent always seemed to last longer than those we neglected. So now it's a policy in our home to send coats, dresses and suits REGULARLY to be cleaned.

Personal And Society News From Morehouse

By Doris James

(Items for last week)

Tuesday morning S. Hornbeck of Sikeston notified officers of Morehouse that Marion Hornbeck and Claude Stubblefield accompanied by their dog "Queen", had run away from home the previous day. They were both about 12 years of age. The boys were located near Hunterville, seven miles west of Morehouse. City Marshal W. H. James and Constable J. H. Barnhill returned them to their homes.

Mr. and Mrs. Elmer Haggard spent the week-end visiting relatives in Arkansas.

Mr. and Mrs. Pete Sherrard and daughter, Mary Ella, and Mrs. Maude Duperec visited the latter's father in Bloomfield, Sunday. Mrs. Dupree's son, George, accompanied them home for a short visit.

Dude Riggs transacted business in Dexter, Friday.

Sheriff Massingham of Poplar Bluff was a business visitor in this village Friday.

Miss Marguerite Patterson of Memphis, Tenn., is visiting her mother.

George Cantrel of St. Louis visited his aunt, Mrs. L. Towering a few days this week. Mrs. Towering accompanied her home for a visit.

Mrs. Julia Slayden was in Dexter on business, Friday.

Mrs. A. W. Colyer was called to Dexter to be with her mother, who is seriously ill.

Mr. and Mrs. I. C. Barnett of Clines Island visited Mr. and Mrs. Hubby Williams, Sunday.

Mrs. Mike Shehan and daughter, Miss Marie, have returned home after a week's visit at Clines Island. Villion and Miss Flora attended.

Mrs. Lee Wright, Mrs. O. Tra-the show in Dexter Sunday afternoon.

Mrs. Dona Williams of Miner listed friends here Saturday evening.

Misses Frances and Louise James are visiting friends in New Madrid this week.

Among those who had business in New Madrid Monday were J. S. Wallace, F. B. Rauch, John Shipman, Dr. Pease and W. M. James.

Miss Willie Bell Williams of Miner was the overnight guest of Miss Eleanor Wright, Saturday.

A memorial service was held for the late Mrs. J. H. Himmelberger at the Presbyterian church in Cape Girardeau, Friday.

In the service the W. C. T. U. women pointed out her activities in her church, Sunday school, clubs and also the W. C. T. U. Mrs. A. C. Nielsen opened the program by a devotion; Mrs. R. M. Cullum sang a solo, accompanied by Mrs. Thilemuss at the piano.

Miss Elizabeth Hopper, who represents the young people's branch of the W. C. T. U., also sang a solo accompanied by her mother.

Mrs. Himmelberger will be remembered as the one who organized the W. C. T. U. in Morehouse before moving to Cape Girardeau.

They erected a building known as the Temple, where all denominations were allowed to worship as there was no other church building. The Temple sold for \$200 and recently the money was divided among the four churches.

Those attending from here were Mrs. F. B. Rauch and daughter, Miss Marie, Mrs. Charles Barnett, Mrs. Charles Rauch, Mrs. Josie Hart, Mrs. Susan Walden, Mrs. R. F. Vick, Mrs. A. J. Harrison, Mrs. O. M. Headlee, Mrs. J. A. Spence, Mrs. T. J. Lingle and Mrs. C. L. Armstrong.

Wants Sikeston Chorus To Visit Chicago Exposition

A letter recently received by the president of the Sikeston Lions Club from Clyde R. Welman, chairman of the Lions 1933 Conventions Committee, St. Louis, extends an invitation to the Sikeston Girls' Chorus to attend the Chicago Century of Progress Exposition.

The invitation reads: "Henry Hill is in the office and wants to know whether or not your girls will go on to Chicago for the Lions International Day at the Century of Progress. If so, he informs me that he can make arrangements to have them on the program at the World's Fair. This would require that your girls be on the program Saturday, so you can see if arrangements can be made to keep them away from their sweethearts for that length of time. Rest assured that they will be well taken care of by Henry".

Eight girls comprising a special chorus which functioned at Sikeston and Kennett, Mo. Night Club entertainments and on several other local occasions, are to appear in a stunt prize contest July 14 in St. Louis. Miss Mildred Bradley of Poplar Bluff will train the girls, remaining in Sikeston as the guests of Mr. and Mrs. John Powell and daughters.

Protests Against Charging For Entry To State Parks

Poplar Bluff, June 21.—The Izaak Walton League here adopted resolutions last night urging the fish and game department to reconsider its plan for charging admission to the State parks which is to become effective July 1.

The resolutions expressed opposition to the plan "upon the ground that it will create resentment against the management of the parks and for the further reason that it violates the theory that all State parks are free recreation places for all men at all times".

IN MEMORIAM

In loving memory of our dear mother, Sarah B. Walker, who departed this life four years ago, June 20, 1929:

Through all her pains at times she'd smile a smile of heavenly birth. And when the angels called her home, she smiled farewell to earth. Heaven retaineth now our treasure. Earth the lonely casket keeps, and the sunbeams love to linger where our sainted mother sleeps.

Sadly missed by Children and Grandchildren

Sikeston Standard, \$2.00 per year

Hon. Ray B. Lucas, representing Scott County, has returned from Washington where he went to see the Reconstruction Finance Corporation in regard to securing a loan to retire outstanding county warrants. The finance corporation was willing to make the loan provided the county could organize a holding company to handle the warrants, they would then advance 80 per cent of the face value of the warrants or if some bank would handle them, they also suggested a bond issue covering the amount of the warrants, they would then advance 100 per cent on the bonds. The outstanding indebtedness now of the county in general revenue warrants is about \$45,000. Several other ways for securing the money from the finance corporation were suggested, some of which will be tried to be worked out. One thing is sure, the finance corporation under the law, cannot take the warrants as security for the loan. There are certain formalities that have to be complied with before the county can secure the money. The county court, with the assistance of Mr. Lucas will try to work the matter out.—Illmo Jimplicite.

When Napoleon was banished to Elba, a little island off Italy, in 1814, the powers made him a present of the island for a toy empire. He had his own little court, and his own flag.

Protests Against Charging For Entry To State Parks

Poplar Bluff, June 21.—The Izaak Walton League here adopted resolutions last night urging the fish and game department to reconsider its plan for charging admission to the State parks which is to become effective July 1.

The resolutions expressed opposition to the plan "upon the ground that it will create resentment against the management of the parks and for the further reason that it violates the theory that all State parks are free recreation places for all men at all times".

IN MEMORIAM

In loving memory of our dear mother, Sarah B. Walker, who departed this life four years ago, June 20, 1929:

Through all her pains at times she'd smile a smile of heavenly birth. And when the angels called her home, she smiled farewell to earth. Heaven retaineth now our treasure. Earth the lonely casket keeps, and the sunbeams love to linger where our sainted mother sleeps.

Hon. Ray B. Lucas, representing Scott County, has returned from Washington where he went to see the Reconstruction Finance Corporation in regard to securing a loan to retire outstanding county warrants. The finance corporation was willing to make the loan provided the county could organize a holding company to handle the warrants, they would then advance 80 per cent of the face value of the warrants or if some bank would handle them, they also suggested a bond issue covering the amount of the warrants, they would then advance 100 per cent on the bonds. The outstanding indebtedness now of the county in general revenue warrants is about \$45,000. Several other ways for securing the money from the finance corporation were suggested, some of which will be tried to be worked out. One thing is sure, the finance corporation under the law, cannot take the warrants as security for the loan. There are certain formalities that have to be complied with before the county can secure the money. The county court, with the assistance of Mr. Lucas will try to work the matter out.—Illmo Jimplicite.

When Napoleon was banished to Elba, a little island off Italy, in 1814, the powers made him a present of the island for a toy empire. He had his own little court, and his own flag.

The depression has had little or no effect on the baby crop. Old Father Stork is hovering over the house-tops of many homes in this section and ought to visit other homes. May he never be out of a job.

A field full of Democrats has been anxious for political jobs under the administration at Washington and Jefferson City. Few from Southeast Missouri have been able to get a crumb from the table. Twenty-five or more years ago, Dick Phillips left Sikeston for the Pacific Coast to make his fortune and now we find that he has turned up at Jefferson City with a fat job under S. B. Hunter, when he was not a citizen of the State. Why tear your shirt for any politician, they are mostly a damned ungrateful bunch.

We have all wished for more work that we might provide for our families and pay our bills. This is but natural. Friday a caller at the office asked to have a paragraph inserted in the paper calling attention to the fact that many outside mechanics and artisans have been employed on work in Sikeston that should have been given to local men. These home folks feel that they pay taxes when they can, patronize home merchants and should be given the preference when labor in their line is required. This is worth serious thought.

Have any of you folks who carry an old line life insurance policy tried to cash in on it for its cash value? If you have, let us know how much they would pay, or if the cash value really meant anything. And, again, if you should die have they the cash to pay face value or would the moratorium permit the payment of only a per cent?

Captains of whaling vessels in the Antarctic report that in the last five or six years some condition has been causing unusual breaking up of the barrier ice into monster icebergs unknown in whaling history prior to 1927. The first of these big icebergs was seen in the Weddell Sea in 1927 when a whaler steamed for nine hours at 10 knots alongside one of the bergs. The same year the captain of the whaler Lansing reported an iceberg 120 miles long, really an ice island. In 1930 the Discovery II reported a berg between 60 and 70 miles long, and the William Scorebys, also a whaler, steamed past one 45 miles long.

DOES YOUR RAZOR PULL?

Look to the blade for cause when your razor pulls and scrapes. Why blame your face or beard! Other men with tender skin and tough bristles enjoy real shaving comfort. They've discovered the double-edge Probak blade—especially made to shave difficult beards smoothly. From steel to finish, Probak is manufactured to meet the particular requirements of men hard to shave. Its edges are unlike those on any other blade. They are differently honed by an exclusive process. This can be proved under the microscope or on your face when you shave. We urge you to try Probak on our money-back guarantee of satisfaction. You don't risk a cent. Buy a package tonight. Put a Probak in your razor tomorrow morning. Learn how remarkably clean and easy a shave can be.

TRUCKERS WIN 9-8 VICTORY OVER MIDWEST

ACES NOW IN TIE WITH COBBLERS FOR THIRD

Potashnick's Truckers overcame an early 4-run lead set up by Ted Kirby's Midwest Aces last Thursday afternoon, and finally walked off the diamond with another munny baseball victory, winning the contest with a score of 9 to 8 in seven innings.

The Aces started with a 5-run rally in the first, opening with a single by Byrd. Bandy fled out to Center, but Paynes received a pass. Both runs were scored when Bob Mow muffed a drive by Enggram, immediately after taking Cedars' offering for a putout. With two down, Jeffers issued a pass to Jones who scored on Schaffer's four-base clout. Bennett saw first on an error, but Briggs grounded out with a roller to second, and the scoring stopped pronto.

The Truckers converted Marshall's single into one tally in their half of the first. Their big inning came in the second when the entire list visited the plate, pounding out five hits for as many runs. A double by Sherry and a triple by Jeffers assisted materially in cleaning the bases after Bob Mow and Hudson had reached first with singles. Sherry acting as cleanup man in the first case, Robt. Mow and Weidemann, likewise got on and scored on Jeffers' three-base clout.

The Aces were held scoreless until the final three frames in which they scored one run each. In the

fifth Schaffer improved his batting percentage by pounding out another homer, but with none of his teammates on the sacks. Jones scored in the sixth and Bandy in the final frame.

The Truckers went into the lead in the second adding five to their singleton garnered in the opening inning. The third was a dud for the freighters, but the fourth netted three tallies and iced the contest. A pass to Marshall and singles by Bob Mow and Hudson accomplished the latter result.

The score by innings:

Potashnick.....	150	300	0	9	9	3
Aces.....	500	011	1	8	5	2

Batteries for Potashnick, Jeffers, Sherry and Sutton; for the Aces, Briggs and Byrd. Two-base hits, Sherry and Law, three base hits, Jeffers and Schaffer. Home runs, Schaffer and Payne.

The percentage table up to date:

Standard Oil.....	750
Potashnick.....	500
International Shoe.....	375
Midwest Aces.....	375

Put Your Liver To Work—Make This Test

You can't feel well and strong unless your liver furnishes your stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow.

Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc., have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Serravallo's Soft Mass Pills contain both of them.

Unless you have tried Serravallo's Soft Mass Pills you can have no idea of their effect—they feel strong, healthy, happier—life and color return to faded eyes and cheeks—appetite and digestion improve rapidly.

GOLFERS DEFEAT BLUFF 32 TO 23 HERE SUNDAY

VICTORY MEANS PLAYOFF ON NEUTRAL COURSE

Members of the Sikeston Country Club evened up matters in the golf world insofar as Southeast Missouri and percentage standings in the SEMO round robin tournament are concerned by defeating the visiting Poplar Bluff tourney players by a score of 32 to 23. The Sikeston victory marks the first defeat of the Bluffians during the present schedule, and places Sikeston in a tie with the losers for first place honors.

"Unless either of the two teams, Poplar Bluff or Sikeston, drop another match to either Charleston, Dexter or Kennett, it means a playoff tournament on a neutral course," stated T. A. Wilson, local tournament chairman this morning.

Poplar Bluff in May defeated the Sikestonians on the Butler County links, and then enjoyed a solid string of victories until the Sunday afternoon clash on the local links.

C. C. Scott and George W. Kirk with scores of 69 for the 18 holes divided low score honors to be followed with a number of 70, 71 shooters including Joe Fern, Poplar Bluff with a 70, E. C. Graham, Poplar Bluff 71, Paul Galloway and Pete Medley, Sikeston, who turned in scores of 71 for third place.

Others who crashed the under 80 gate included John Phillips, W. B. Malone, Ted Borth, W. Kibler, Murray Phillips, Harry Hart, L. M. Stallcup, T. C. McClure, Dick Reynolds, E. Holland, D. L. Fisher and Dick McIntree.

Bluff brought twenty players to Sikeston.

The score:

Lions Review Record of Year's Work Wednesday

The major activity of the Lions Club is Blind work. Since there are several blind people in Sikeston, the Club secured the passing of a white cane ordinance, and furnished regulation canes to all of the blind here.

Some time ago the Club sponsored Boy Scout Troop No. 43. During the past year the Club purchased and gave this troupe necessary flags and emblems. Members arranged transportation to the Area meet at Cape Girardeau; held joint meetings and luncheons and promoted their general welfare. Through the efforts of H. C. Young, Jr., sponsored a Cub Troop, which is active.

One hundred pairs of shoes were collected in co-operation with the Red Cross; in addition, several hundred coats and other articles of wearing apparel were secured. Rendered assistance to Scott County 4-H Club to attend encampment at Irondale.

Sponsored Halloween dance, which added \$95 to the treasury. Lion Denman one day promoted a movement to get 100 citizens of Sikeston to pledge to spend at least \$10 on labor in an effort to help relief employment. The response was far beyond expectations.

One of the most enjoyable and also profitable events of the year was the Lions Night Club held at the high school gym recently. Much credit is due the chairman and various committees whose tireless efforts and wonderful co-operation made it possible.

Telegrams and letters were sent in protest of the passage of the "30 Hour Week" bill. Donated \$25 to the Sikeston Library.

Conducted Yard and Garden contest.

Co-operated with City firemen in observing Fire Prevention Week. Lion Gemeiner and his committee have just completed repairing and repainting Club Roads Signs.

The annual Xmas treat with trucks of toys, candy and real Santa brought joy to thousands of children. Dressed chickens were placed in all baskets furnished by various organizations.

Through the efforts of Lion Medley, the Malone Theatre was obtained to give a benefit show, and secured large amounts of foodstuff which was donated to the poor.

Secured improvement by Missouri Pacific Railroad of the New Madrid Street crossing near Hotel Marshall.

The Club voted to lend all support possible to the Sikeston Band and have a committee now raising funds for its support.

Co-operating with Poplar Bluff, the Club furnished a Queen—Miss Lynette Stallcup, and a float for a parade, winning first prize of \$50 for the float. For this much credit is due Lion Gemeiner, Lion Young, John A. Young and others.

When Lion Hutters announced that the International Shoe Co. would like some assistance in putting on an exhibit on the Club, did everything possible and co-operated with the Chamber of Commerce, in making this the outstanding event of Sikeston's history—with its Big Parade, varied entertainment and street dance.

The same co-operation was extended the Drummers' Convention. Various trips were made to surrounding towns and communities to promote personal contact and good fellowship. A joint meeting of Cape Girardeau, East Prairie and Sikeston was held at Benton.

The annual chicken gilet supper was enjoyed by all excepting possibly Henry Hill, who had visions of spending the night, locked in the City Jail.

The Malden Club was entertained with chicken barbecue at the Washout near New Madrid—then the "Fish Fry" at Morley recently and did I hear anyone say chicken!

27 APPLY FOR LOANS UNDER NEW FARM PLAN

LOCAL ASSOCIATION MEETS WITH GOOD RESPONSE

The receipt of 27 applications for loans by farmers in this district from the recently organized Sikeston National Farm Loan Association, was characterized Saturday as "very satisfactory response" by H. A. Smith, secretary-treasurer of the Association. An organization meeting was held here last Tuesday at which time Roscoe H. Weltecke, local lumber dealer was elected president, Louis Dumey, farmer, vice-president, and H. A. Smith, secretary and treasurer.

W. H. Sikes was named investigator for the association, which has on its directorial board, the following: Judge J. P. LaRue and John L. Crutcher of Essex, Albert J. Rushing of Bertrand, Louis Dubbe and Roscoe Weltecke of Sikeston.

The Board of Directors met last Friday night in offices of the Peoples Bank Building, passing favorably upon 23 of the 27 applications. The remaining four, explained Mr. Smith, had not been investigated by Mr. Sikes. All applications were forwarded Saturday afternoon to the Federal Land Bank in St. Louis. The local group is a branch of that institution.

Farm loans are being made for periods ranging from one year to forty at the rate of 4½% per year payable semi-annually. The local association makes a charge of one per cent for handling, but that charged covers merely the first year. A small fee is also charged by the Federal Land Bank, the amount being based upon the amount of the loan requested.

Under the terms of the Association, each borrower is required to take out five per cent of the amount of this loan in stock of the local association. This stock purchase, however, is made only upon completion of the loan, not at the time of filing the application, Secretary Smith explained. He gave as an example the case of a farmer desiring to borrow \$1000. If his loan is approved, he is required to take out \$50 in stock, or in other words, he receives in cash \$950 on the \$1,000 application.

The Sikeston National Farm Loan Association is capitalized at present for \$10,000 with a possible loan limit of one-half million dollars.

"Judging from the immediate response, it seems that our association will mean a great deal to farmers in this district," Mr. Smith is quoted as saying. The district concerned, incidentally, includes the counties of Scott, Mississippi, Stoddard and the two north townships of New Madrid County.

ONE HELD IN
COLLISION OF
AUTOS THURSDAY

Raymond Kirby was arrested here Friday afternoon by State Highway Troopers and held at the request of C. Rushing of Bertrand,

owner of an automobile which figured in a collision Thursday night with a machine driven by Kirby.

The accident, as explained on a report of the investigating Trooper, Melvin Dace, happened about 2 miles west of Charleston on the east-west half concrete, half gravel highway about 11:30 o'clock last Thursday night. A motor car owner, who gave his name as B. Jones and his address as Sikeston, was parked on the gravel portion, and according to witnesses, had no lights burning on his automobile.

Kirby, driving west, swerved around the parked car and collided with the oncoming car driven by Mr. Rushing.

Rushing charged Kirby with driving while intoxicated and filed information for his arrest and detention. The youth is being held under \$500 bond for appearance before Justice of the Peace Elliott at Bertrand. A date for the preliminary hearing has not been set.

Funeral services will be conducted at 2:30 o'clock Tuesday afternoon for Mrs. Mary Lorena Sassen Hamby, 60 years old, who died at 11:40 o'clock last Friday night, following an operation in the Methodist Hospital in Ft. Worth, Tex.

The body was brought to Sikeston Monday noon and was removed to the home of her son, Jesse Hamby on Ethel Avenue, where it will lie in state until the following day. The last rites will be conducted by Rev. Leslie Garrison, pastor of the First Baptist church of which Mrs. Hamby was a member for many years. Services will be held at the church with interment in the Sikeston City Cemetery.

Mrs. Hamby was born June 28, 1873 near Eddyville, Ky., and died at the advanced age of 59 years, 11 months and 25 days. She was removed to the Methodist Hospital, where an operation was performed last Thursday. According to a letter from her son, Mike Hamby, she seemed to rally at times, but Friday evening suffered several sinking spells, and finally passed away about midnight.

The deceased was married to Robert E. Hamby, July 16, 1891 and to this union were born nine children, six sons and three daughters. Her husband and three children preceded her in death. Mr. Hamby died December 20, 1917.

The family moved from Kentucky to Missouri in 1909, living in and near Sikeston until 1925. In that year, Mrs. Hamby went to

Texas and made her home with her son and daughter.

Children who survive include, Johnnie Hamby of Livingston, Mont., who wired Monday that he would not be able to attend his mother's funeral; Clarence of East St. Louis, Ill., Jesse and Larue of this city, McClellan of Waco, Texas, Mrs. Alfonso Novak of Fort Worth, Texas, nine grandchildren, three sisters and one brother. The latter include Mrs. J. B. Holder of Fort Worth, Mrs. T. H. Seal of Austin, Mrs. A. L. Moore of East Alton, Ill., and Boyd Scillian, a half brother of Sikeston.

Mrs. Hamby had a wide acquaintance in Sikeston, having lived here for eleven years. Since moving to Texas, she visited her sons and other relatives here several times renewing old friendships.

WEEKLY BINGO PARTY

The weekly bingo party of the Altar Society, St. Xavier Catholic church, will be held Wednesday afternoon in the old school building. Hostesses: Mrs. Louis Dumey, Mrs. Charles Dover and Mrs. W. Fewerd.

The Bible tells us that man is made a little lower than the angels. Exceptionally had samples seem to be considerably lower. A kind-hearted collector for a milk business, sympathizing with a poor beggar, bought him a hearty meal, revealing the fact that he carried money with him. The next day the same beggar with a friend way-

laid the kind-hearted collector, beat him dangerously, and took \$85 from him. A citizen held up by a young man and robbed of \$18 was told "Thanks, that will help me through college".

Mrs. Dave Crawford entertained at bridge yesterday in honor of her sister, Mrs. Jack Bailey, of Memphis, Tenn., who is visiting her.

NO MISSOURI TAGS COST DRIVERS \$14.50

Absence of Missouri automobile license tags was almost as expensive as the tags themselves in the case of W. H. Burnett and M. C. James, both of Charleston, who were arrested Friday by Trooper Melvin Dace. Burnett and James were arraigned before Judge Bailey at Charleston and each paid \$5 and costs, total \$14.50.

Mrs. J. R. Andrews and daughter, Mary Jo, of Houston, Texas, arrived Wednesday to visit her parents, sister, Mr. and Mrs. Arthur Reese, Mrs. Paul Slinkard, and other relatives.

Majestic COLD DOME REFRIGERATORS

AT A SAVING OF

\$35 to \$75

WHAT'S the Majestic COLD DOME?
Perfectly simple! The heart of any refrigerator is its motor and compressor. Well... Majestic takes this vital mechanism and seals it for life—in the COLD DOME—inside walls of impenetrable steel. Steel electrically fused to steel!

No dirt or dust can get in... moisture can't seep through... abuse and neglect can work no damage. The quiet, efficient mechanism simply keeps on running, in a bath of oil that never has to be renewed!

Compare that with the ordinary refrigerator's mechanism—constantly exposed to dirt and dampness. Now you can see why Majestic can give you an unconditional 8-year guarantee on the Electro-Sealed COLD DOME!

POSITIVE-PROOF PURCHASE PLAN

A plan whereby you can positively prove the truth of what we say about Majestic. Only Majestic dealers dare make so startling an offer. The Electro-Sealed COLD DOME makes it possible.

Before You Buy Any Electric Refrigerator Ask Your Majestic Dealer About This Plan

An enthusiastic owner of a No. 900 two-door Majestic has just told us of one of its best features as he sees it viz: The bottom shelf of this model holds one case of 3.2 without crowding or stacking, along with two quarts of milk and the regulation water bottle. What more could a thirsty person ask?

Majestic

ELECTRO-SEALED REFRIGERATION
GUARANTEED FOR THREE YEARS

Majestics have the same "daddy" this year in Sikeston they had last, one who will take care of the "child" if some little thing should go wrong. This does not happen often but when it does there is no delay about action. And don't be convinced by any high pressure salesman that some particular factory never turns out a bad one. They all do, at times.

Of course salesmen are not to be blamed for taking up strange and untried merchandise when it offers such juicy profits. But what about the consumer who pays the freight?

Should he experiment with a refrigerator that had no agent here last year, none the year before and will probably have a new "papa" next season?

Who's responsible for service on these "orphans" when they change "parents," as they probably will? This store cheerfully services any Majestic in this community whether sold by us or not.

Oil is being put on parts of city blocks in order to keep down dust. What a pity every home owner couldn't do likewise, but lack of money to pay for the oil is reason enough. Oil makes everything mighty nasty for awhile, but it certainly keeps down the dust and saves the housewife a lot of dusting in the home.

John Woods, daughter and son, visited Mrs. Woods at the Baptist General Hospital, St. Louis, Sunday, and found her sitting up for a short time and doing nicely. The operation was a severe and a dangerous one, but happily successful in every way. It will probably be ten days before she is able to return to her Sikeston home.

The dry weather and hot winds have certainly cut short vegetable gardens and flowers in Sikeston and vicinity. Many of our dahlias have begun to bud when a little more than knee high when they should be shoulder high. This instead of the size of a tea cup plant.

The Christian preacher from William Woods College, who has been holding down a political job at Cape Girardeau for the past twelve years, has been called to the pastorate of Bethany College, Preacher School in West Virginia, and all will be quiet on the Mississippi River.

It looks like a hundred to one shot that the 18th Amendment will be repealed. As soon as the final announcement is made, then our dry brethren can cut out politics, practice being dry and set an example for the young folks. Preach and practice temperance in the home and cut out politics in the pulpit.

What Others Say of Editors Meeting

Charley Blanton was host to a number, a large number, of publishers at the press meeting Friday at Sikeston. He had an art gallery in the rear of the composing room which was an attraction but then one didn't have to hunt a pump if they were close around, and as the day began to grow warmer, The Standard office was a place. But the gallery: It was composed of some very pretty pictures. Where Charley obtained them is difficult to understand. However, they caused much comment and barter.—Charleston Courier.

Charley Blanton had The Standard's famous art gallery well displayed and the many works of art on display therein, were the subject of much comment from visiting scribes. Charley's office was crowded from early morning till late at night, due to the fact that he had a very satisfying brand of ice water in his cooler and many scribes found The Standard office more inspirational than the addresses on the program.—Malden Merit.

The meeting of the Southeast Missouri Press Association held at Sikeston last Friday was a successful one with more editors, their families and friends than we have ever attended. The eats were fine and the business sessions instructive, as well as entertaining. The two newspapers of Sikeston were particularly active in looking after the wants of the visitors, Mrs. Chas. L. Blanton, Sr., looked after the welfare of the women visitors and from reports she made a mighty good job of it. The "art gallery" in The Standard office held out peculiar attraction to many of the editors, the writer being one who enjoys "art", whether it be painting or "liquid art" which is not superinduced by mysterious drops from an old Indian formula recently sold on the streets of Illinois.—Illmo Jimplicite.

Sikeston is a good convention town. We have attended three conventions held there this year, and all of them were successfully managed. The International Shoe Co. meeting, the Southeast Missouri Drummers' Association and the Southeast Missouri Press Association. Of course we felt a little more a part of the press meeting than we did the other two, but there was no difference in the brand of hospitality dispensed by the Sikestonians at any of them. Charlie Blanton's "Art Gallery" seemed to have a peculiar attraction for most of the editors, conspicuous among whom were Simon Loeb, Kent Wilson and Oliver Chilton.—Bloomfield Vindicator.

(Ed. Note): And we might add for Charlie Oliver.

As I See It

—By—
Art L. Wallhausen

Our American success in the diplomatic field prompts a contribution to forward an instance concerning Catherine the Great of Russia. Said Catherine once requested an interview with a certain nobleman. The interview was to take place after she had performed her weekly bath. When she appeared fully dressed, she found the nobleman fast asleep.

Her biographer, says our contributor, mentions that Catherine had intended making him a minister of the interior but changed her mind and appointed him a diplomat.

We have heard of the lane that had many turnings. The popular-

ity of that and other lanes in this district is unquestioned. But when one young matron of a nearby town offered to explain her presence to a farmer at work by saying she "was out there looking for a cow"...&? ?

Well, that sounds like the Bull to me.

J. R. Carraway Passed Away in St. Louis Sun.

Word was received here Monday morning of the death of J. R. Carraway of this city, which occurred at 5 o'clock Sunday afternoon at the Missouri Baptist Hospital, St. Louis, where he had been a patient for the past two months.

Mr. Carraway had been ill for the past several months, but doctors were not able to ascertain what was the cause of his illness. A message was received by relatives here shortly after noon Sunday, stating that Mr. Carraway was sinking fast, and urging them to come at once. Mrs. Carraway and daughter, Miss Gladys Conley, accompanied by Rev. Leslie Garrison, pastor of the local Baptist church, left immediately after receiving the message, but death came before they could reach him. Funeral services will be held from the local Baptist church Wednesday afternoon, Rev. Garrison officiating.

Besides his wife, Mr. Carraway is survived by one son, living in New York, and two step children, Miss Gladys and Lewis Conley, of this city.

appendicitis Saturday night. She is recuperating nicely.

Bride-to-Be Is Honored With Shower

The home of Mr. and Mrs. Harris Foster was the scene of a pretty miscellaneous shower given in honor of Miss Marie Esmon, Friday night. A pink scalloped crepe paper parasol on the living room table had strings tied all around with verses tied to the end of a string telling something about an article for the bride-to-be and where it was to be found. A large number of useful gifts were presented in this manner. Guests included Mesdames Rex Boyce, Hal Boyce, T. H. Lett, Leonard Ford, Jr., Vernon Laval, Ralph Vaughn, W. P. Clayton, R. J. Tomlinson, J. W. Mull, Bennett Taylor, Arthur Darter, Misses Dick Boyce, Leda Daugherty, Mary Agnes Vaughn and Juvata Taylor.

Mr. and Mrs. Harris Foster and children, Mr. and Mrs. Arthur Darter, Mrs. Lita Foster of this place, Mr. and Mrs. Bennett Taylor, Mr. and Mrs. Bennett Taylor, Rapid, Ia., went to Matthews last Thursday afternoon, where they had a family "bunking" party and a fish fry Friday morning at the home of Mr. and Mrs. G. D. Finglehart.

Mrs. W. T. Malone of Sikeston spent some time here the last of the week with her aunt, Mrs. Dora Congleton, who is ill. Mrs. Congleton is somewhat better.

H. E. Tomlinson of Malden was a Morley visitor Saturday afternoon.

Mr. and Mrs. Bennett Taylor and two daughters, Juvata and Sue, left for their home at Cedar Rapids, Ia., Saturday after a week's visit here with relatives.

U. A. Emerson was in Cape Girardeau Saturday to undergo a minor operation. He returned to his home and is doing satisfactorily.

Mr. and Mrs. F. C. Black and daughter, Virginia, of Vanduser were visitors at the C. A. Stallings home Thursday. Eloise Stallings returned to Vanduser with them for a few days' visit.

Mrs. Edna Taylor and daughter of Tulu, Ky., left Sunday for their home after a week's visit with Joe Taylor.

Last Rites for Matthews Woman Held Saturday

Funeral services were conducted Sunday afternoon, 2 o'clock at the home of Mr. and Mrs. Fred Story of Matthews, for the former's mother, Mrs. Martha Ann Fulkerson Story, who passed away Saturday, June 24, at the age of 85 years, 1 month and 9 days. Rev. D. M. Margraves officiated, with interment in Matthews cemetery, Albritton of Sikeston in charge.

Three children, Lury, Lydia and Fred were born. She was preceded in death by her husband and two daughters. Mrs. Story was a firm believer in the Primitive Baptist church and was a daughter of a minister of that faith. She lived an active and useful life until a few years ago, when the infirmities of age prevented her from going about her accustomed work.

Besides her son, Fred, Mrs. Story is survived by three children whom she reared, Jessie, Lucian and Brantley Anderson, five grandchildren, seven great-grandchildren and one brother, Joshua Fulkerson of Colorado.

LAST RITES FOR SAMUEL H. HEATH CONDUCTED SUNDAY

Funeral services were conducted Sunday afternoon, 2 o'clock, at the Southern Methodist Church, Charlotte, Tenn., for Samuel Henry Heath, aged 62, of this city, who died at his home at 763 Greer Avenue Saturday morning, 7:30 o'clock after an extended illness with bright's disease. Rev. H. Thornton Fowler, pastor, officiated with interment in the Charlotte Cemetery, Albritton of Sikeston in charge.

Mr. Heath was born in February, 1871, in Charlotte, Tenn., and was the son of Mr. and Mrs. Avery Heath. He had been a resident of this city since last December, having come here from Earl, Ark.

Besides his wife, Mrs. Myrtle Heath, he is survived by one daughter, Mrs. Ella Smith, and one son, Ernest Heath, both of this city; two brothers, Dave of Charlotte, and John of Huntington, Tenn., two sisters, Mrs. Ella Scott of Charlotte and Mrs. Nancy Williams of Nashville, Tenn.

At Last We've Found a Way to Save Money on Clothes

We used to think that it was an extravagance to send clothing to the cleaners with any degree of regularity. But we noticed that the garments that we sent always seemed to last longer than those we neglected. So now it's a policy in our home to send coats, dresses and suits REGULARLY to be cleaned.

Personal And Society News From Morehouse

By Doris James)

(Items for last week)
Tuesday morning S. Hornbeck of Sikeston notified officers of Morehouse that Marion Hornbeck and Claude Stubbfield accompanied by their dog "Queen", had run away from home the previous day. They were both about 12 years of age. The boys were located near Hunterville, seven miles west of Morehouse. City Marshal W. James and Constable J. H. Barnhill returned them to their homes.

Mr. and Mrs. Elmer Hagyard spent the week-end visiting relatives in Arkansas.

Mr. and Mrs. Pete Sherrard and daughter, Mary Ella, and Mrs. Maude Dupree visited the latter's father in Bloomfield, Sunday. Mrs. Dupree's son, George, accompanied them home for a short visit.

Dude Riggs transacted business in Dexter, Friday.

Sheriff Massingham of Poplar Bluff was a business visitor in this village Friday.

Miss Marguerite Patterson of Memphis, Tenn., is visiting her mother.

George Cantrel of St. Louis visited his aunt, Mrs. L. Towering a few days this week. Mrs. Towering accompanied her home for a visit.

Mrs. Julia Slayden was in Dexter on business, Friday.

Mrs. A. W. Colyer was called to Dexter to be with her mother, who is seriously ill.

Mr. and Mrs. I. C. Barnett of Clines Island visited Mr. and Mrs. Hubby Williams, Sunday.

Mrs. Mike Shehan and daughter, Miss Marie, have returned home after a week's visit at Cline's Island.

William and Miss Flora attended Mrs. Lee Wright, Mrs. O. Trae's show in Dexter Sunday afternoon.

Mrs. Dona Williams of Miner visited friends here Saturday evening.

Misses Frances and Louise James are visiting friends in New Madrid this week.

Among those who had business in New Madrid Monday were J. S. Wallace, F. B. Rauch, John Shipman, Dr. Pease and W. M. James.

Miss Willie Bell Williams of Miner was the overnight guest of Miss Eleanor Wright, Saturday.

A memorial service was held for the late Mrs. J. H. Himmelberger at the Presbyterian church in Cape Girardeau, Friday. In the service the W. C. T. U. women pointed out her activities in her church, Sunday school, clubs and also the W. C. T. U. Mrs. A. C. Nielsen opened the program by a devotion.

R. M. Cullum sang a solo, accompanied by Mrs. Thelmaus at the piano. Miss Elizabeth Hopper, who represents the young people's branch of the W. C. T. U., also sang a solo accompanied by her mother.

Mrs. Himmelberger will be remembered as the one who organized the W. C. T. U. in Morehouse before moving to Cape Girardeau.

They erected a building known as the Temple, where all denominations were allowed to worship as there were no other church buildings. The Temple sold for \$200 and recently the money was divided among the four churches.

Wants Sikeston Chorus To Visit Chicago Exposition

A letter recently received by the president of the Sikeston Lions Club from Clyde R. Welman, chairman of the Lions 1933 Conventions Committee, St. Louis, extends an invitation to the Sikeston Girls' Chorus to attend the Chicago Century of Progress Exposition.

The invitation reads: "Henry Hill is in the office and wants to know whether or not your girls will go on to Chicago for the Lions International Day at the Century of Progress. If so, he informs me that he can make arrangements to have them on the program at the World's Fair. This would require that your girls be on the program Saturday, so you can see if arrangements can be made to keep them away from their sweethearts for that length of time. Rest assured that they will be well taken care of by Henry".

The eight girls, comprising a special chorus which functioned at Sikeston and Kennett, Mo. Night Club entertainments and on several other local occasions, are to appear in a stunt prize contest July 14 in St. Louis. Miss Mildred Bradley of Poplar Bluff will train the girls, remaining in Sikeston as the guests of Mr. and Mrs. John Powell and daughters.

Protests Against Charging for Entry to State Parks

Poplar Bluff, June 21.—The Izaak Walton League here adopted resolutions last night urging the fish and game department to reconsider its plan for charging admission to the State parks which is to become effective July 1.

The resolutions expressed opposition to the plan "upon the ground that it will create resentment against the management of the parks and for the further reason that it violates the theory that all State parks are free recreation places for all men at all times".

IN MEMORIAM

In loving memory of our dear mother, Sarah B. Walker, who departed this life four years ago, June 20, 1929:

Through all her pains at times she'd smile a smile of heavenly birth. And when the angels called her home, she smiled farewell to earth. Heaven retaineth now our treasure. Earth the lonely casket keeps, and the sunbeams love to linger where our sainted mother sleeps.

Sadly missed by Children and Grandchildren

Sikeston Standard, \$2.00 per year

Hon. Ray B. Lucas, representing Scott County, has returned from Washington where he went to see the Reconstruction Finance Corporation in regard to securing a loan to retire outstanding county warrants. The finance corporation was willing to make the loan provided the county could organize a holding company to handle the warrants, they would then advance 80 per cent of the face value of the warrants or if some bank would handle them, they also suggested a bond issue covering the amount of the warrants, they would then advance 100 per cent on the bonds. The outstanding indebtedness now of the county in general revenue warrants is about \$45,000. Several other ways for securing the money from the finance corporation were suggested, some of which will be tried to be worked out. One thing is sure, the finance corporation under the law, cannot take the warrants as security for the loan. There are certain formalities that have to be complied with before the county can secure the money. The county court, with the assistance of Mr. Lucas will try to work the matter out.—Illmo Jimplicite.

Buy It In Sikeston Is The Speediest Way to Insure Early Prosperity

If we would only look around, we would observe that we have really lost little during this tiresome depression period—that we cannot quickly retrieve if we will only again employ our seeming dormant energies and our initiative.

Whatever we have lost—or feel that we have lost—may be regained quickly, by work and thrift and spending some of our idle money.

Our community has not come to the dire collapse that has been prophesied by some of our leading pessimists.

In fact, if we will compare our situation with that of other peoples who live by other standards, you will possibly admit that we are really quite well off.

Many outside business men have taken an interest in this community—have on many occasions stated that Sikeston may become in time the outstanding and dominant city in this section of the country.

To justify the confidence of outsiders in our city, it is really that we, ourselves, have the right spirit of confidence and radiate this spirit with a united effort.

MONEY EARNED HERE OR INHERITED HERE, SHOULD BE SPENT HERE!

Think it over. The city is not merely the business and professional people domiciled here—it is made up of all of our citizens; they are Sikeston, and every one of them should trade at home whenever possible, for these reasons.

Every dollar spent in Sikeston increases Sikeston prosperity. These dollars remain in the city. When you take your money to some other city to spend, that money is gone forever, so far as Sikeston is concerned.

Our local merchants and professional men who are sponsoring this series of editorials are called upon to support all of our civic undertakings, which they do with time and money, therefore, it is naturally the duty of every one to do his or her part by patronizing these local merchants and professional men, for the great reason that money spent here will show a very decided return on those investments later.

The depression has had little or no effect on the baby crop. Old Father Stork is hovering over the house-tops of many homes in this section and ought to visit other homes. May he never be out of a job.

A field full of Democrats has been anxious for political jobs under the administration at Washington and Jefferson City. Few from Southeast Missouri have been able to get a crumb from the table. Twenty-five or more years ago, Dick Phillips left Sikeston for the Pacific Coast to make his fortune and now we find that he has turned up at Jefferson City with a fat job under S. B. Hunter, when he was not a citizen of the State. Why tear your shirt for any politician, they are mostly a damned ungrateful bunch.

We have all wished for more work that we might provide for our families and pay our bills. This is but natural. Friday a caller at the office asked to have a paragraph inserted in the paper calling attention to the fact that many side mechanics and artisans have been employed on work in Sikeston that should have been given to local men. These home folks feel that they pay taxes when they can patronize home merchants and should be given the preference when labor in their line is required. This is worth serious thought.

Have any of you folks who carry an old line life insurance policy tried to cash in on it for its cash value? If you have, let us know how much they would pay, or if the cash value really meant anything. And, again, if you should die have they the cash to pay face value or would the moratorium permit the payment of only a per cent?

Captains of whaling vessels in the Antarctic report that in the last five or six years some condition has been causing unusual breaking up of the barrier ice into monster icebergs unknown in whaling history prior to 1927. The first of these big icebergs was seen in the Weddell Sea in 1927 when a whaler steamed for nine hours at 10 knots alongside one of the bergs. The same year the captain of the whaler Lansing reported an iceberg 120 miles long, really an ice island. In 1930 the Discovery II reported a berg between 60 and 70 miles long, and the William Scorebys, also a whaler, steamed past one 45 miles long.

DOES YOUR RAZOR PULL?

Look to the blade for cause when your razor pulls and scrapes. Why blame your face or beard! Other men with tender skin and tough bristles enjoy real shaving comfort. They've discovered the double-edge Probak blade—especially made to shave difficult beards smoothly. From steel to finish, Probak is manufactured to meet the particular requirements of men hard to shave. Its edges

are unlike those on any other blade. They are differently honed by an exclusive process. This can be proved under the microscope or on your face when you shave. We urge you to try Probak on our money-back guarantee of satisfaction. You don't risk a cent. Buy a package tonight. Put a Probak in your razor tomorrow morning. TRUCKERS WIN 9-8 VICTORY OVER MIDWEST

ACES NOW IN TIE WITH COBBLERS FOR THIRD

Potashnick's Truckers overcame an early 4-run lead set up by Ted Kirby's Midwest Aces last Thursday afternoon, and finally walked off the diamond with another munny baseball victory, winning the contest with a score of 9 to 8 in seven innings.

The Aces started with a 5-run rally in the first, opening with a single by Byrd. Bandy fled out to Center, but Paynes received a pass. Both runs were scored when Bob Mow muffed a drive by Enggram, immediately after taking Crain's offering for a putout. With two down, Jeffers issued a pass to Jones who scored on Schaffer's four-base clout. Bennett saw first on an error, but Briggs grounded out with a roller to second, and the scoring stopped pronto.

The Truckers converted Marshall's single into one tally in their half of the first. Their big inning came in the second when the entire list visited the plate, pounding out five hits for as many runs. A double by Sherry and a triple by Jeffers assisted materially in cleaning the bases after Bob Mow and Hudson had reached first with singles, Sherry acting as cleanup man in the first case, Robt. Mow and Weidemann, likewise got on and scored on Jeffers' three-base clout.

The Aces were held scoreless until the final three frames in which they scored one run each. In the

fifth Schaffer improved his batting percentage by pounding out another homer, but with none of his teammates on the sacks, Jones scored in the sixth and Bandy in the final frame.

The Truckers went into the lead in the second adding five to their singleton garnered in the opening inning. The third was a dud for the freighters, but the fourth netted three tallies and iced the contest. A pass to Marshall and singles by Bob Mow and Hudson accomplished the latter result.

The score by innings:
Potashnick.....150 300 0 9 9 3
Aces.....500 011 1 8 5 2

Batteries for Potashnick, Jeffers, Sherry and Sutton; for the Aces, Briggs and Byrd. Two-base hits, Sherry and Law, three base hits, Jeffers and Schaffer. Home runs, Schaffer and Payne.

The percentage table up to date:
Standard Oil......750
Potashnick......500
International Shoe......375
Midwest Aces......375

Put Your Liver To Work--Make This Test

You can't feel well and strong unless your liver furnishes your stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow.

Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc., have no effect whatever on the liver. There are only two generally

recognized substances which actually cause a sluggish liver to increase its production of bile. Sargol Soft Mass Pills contain both of them. Unless you have tried Sargol Soft Mass Pills you can have no idea of their effect—no feel stronger, healthier, happier—life and color return to faded eyes and cheeks—appetite and digestion improve rapidly.

Majestic Refrigerators Are Second to None On Earth

Is It Wise To Install An Orphan In Your Kitchen?

An enthusiastic owner of a No. 900 two-door Majestic has just told us of one of its best features as he sees it viz: The bottom shelf of this model holds one case of 3.2 without crowding or stacking, along with two quarts of milk and the regulation water bottle. What more could a thirsty person ask?

Majestics have the same "daddy" this year in Sikeston they had last, one who will take care of the "child" if some little thing should go wrong. This does not happen often but when it does there is no delay about action. And don't be convinced by any high pressure salesman that some particular factory never turns out a bad one. They all do, at times.

Of course salesmen are not to be blamed for taking up strange and untried merchandise when it offers such juicy profits. But what about the consumer who pays the freight?

Should he experiment with a refrigerator that had no agent here last year, none the year before and will probably have a new "papa" next season?

Who's responsible for service on these "orphans" when they change "parents," as they probably will? This store cheerfully services any Majestic in this community whether sold by us or not.
